

## TIGER TOPS TENTED CAMP

### SITUATION UPDATE #40

Date: 25<sup>th</sup> July 2011

### Reconstruction of Tiger Tops Tented Camp

After a recent site visit, I am happy to report that all is on target for the re-opening of our tented camp at the usual post-monsoon time, 1<sup>st</sup> October 2011.

The Tiger Tops staff have worked exceptionally hard in monsoon conditions to construct a new "Gol Ghar" or Dinging Room – the new style is more compact, with a lower and more discreet profile, reducing the physical impact on the environment. However this will also have ample space for guests, be warmer in winter and enable guests to appreciate the amazing craftsmanship of our local carpenters, thatchers and general staff as they build substantial buildings in traditional style.

The Phoenix-Resurgence of the camp will ensure many more guests can continue to enjoy the wonderful, deep-jungle environment and experience delivered in comfort by Tiger Tops dedicated staff.
